CUTTERS / HOMOGENIZERS / MIXERS

**L6E**

**YAZICILAR®**  
**KITPRO**

➤ L6E is the table top model including a 6 Lt. bowl and a knife with 2 blades.

The strong asynchronous motor and high starting torque makes sure you can fill the entire bowl whether you chop onions or boiled potatoes.

➤ Cut and mix for everyday use    ➤ Solid construction and work safety    ➤ Reasonable price, professional power

Model	Capacity Lt.	Speed rpm.	Power 1 ph	w x l x h cm.	Capacity/batch	Capacity/hour
L6E	6	900	0,37 kW / 230V	23 x 49 x 32	2 kg. (Onion)	30 kg. (Onion)

## CUTTERS / HOMOGENIZERS / MIXERS

# L6DPS L9DPS L12DPS

➤ DPS models are the table top models including 6/9/12 Lt. bowls.

Thanks to the direct-drive design; you get high speed, low noise and maintenance free operation.

The model is part of the Hummusmaster family, meaning it is good for perfect creamy hummus.

**Hummus** MASTER®

Model	Capacity Lt.	Speed rpm.	Power 1ph	w x l x h cm.	Capacity/batch	Capacity/hour
L6DPS	6	1500	0,55 kW / 230V	27 x 28 x 50	2 kg (Hummus)	30 kg. (Hummus)
L9DPS	9	1500	0,75 kW / 230V	27 x 28 x 56	3 kg (Hummus)	40 kg. (Hummus)
L12DPS	12	1500	0,75 kW / 230V	27 x 28 x 60	4 kg (Hummus)	50 kg. (Hummus)

- Cut, mix and homogenise
- Process every kind of organic material
- Powerful direct-drive design

CUTTERS / HOMOGENIZERS / MIXERS

**L6DIV**  
**L9DIV**  
**L12DIV**

**YAZICILAR®**  
**KITPRO**

➤ DIV models are the table top models including 2 - 4 - 6 - 9 - 12 liter bowls.

The model features variable speed control with inverter technology.

The inverter inside allows maximum power and durability for years to come.

The model is part of the Hummusmaster family, meaning it is good for perfect creamy hummus.

**Hummus MASTER®**  
**\_inverter\_**

➤ Cut, mix and homogenise

➤ Process every kind of organic material

➤ Variable speed setting

Model	Capacity Lt.	Speed rpm.	Power 1 ph	w x l x h cm.	Capacity/batch	Capacity/hour
L2DIVME	2	600-3000	0,37 kW / 230 V		0.8 kg (Hummus)	9 kg. (Hummus)
L4DIVME	4	600-3000	0,55 kW / 230 V		1.5 kg (Hummus)	18 kg. (Hummus)
L6DIVME	6	600-3000	0,75 kW / 230 V	33x25x50	2.5 kg (Hummus)	35 kg. (Hummus)
L9DIVME	9	600-3000	1,1 kW / 230 V	33x25x56	3.5 kg (Hummus)	45 kg. (Hummus)
L12DIVME	12	600-3000	1,5 kW / 230 V	33x25x64	5 kg (Hummus)	60 kg. (Hummus)

## CUTTERS / HOMOGENIZERS / MIXERS

# L20IV L20I-LAB

L20IV is the standing model with a 20 Liter bowl, variable speed and 230V connection  
L20I-Lab is the standing model with a 20 Liter bowl, variable speed and 380V connection

The internationally accepted standing cutters with 20 Liter capacity and inverter controlled variable speed.

- Cut, mix and homogenise
- Process every kind of organic material
- Variable speed setting allows flexibility

**Hummus** MASTER<sup>®</sup>  
**\_inverter** made in Turkey

Model	Capacity Lt.	Speed rpm.	Power	w x l x h cm.	Capacity/batch	Capacity/hour
L20IV	20	600-3000	2,2 kW / 230V	40 x 58 x 102	6 kg. (Hummus)	90 kg. (Hummus)
L20I-Lab	20	600-3000	4,0 kW / 380V	40 x 58 x 102	7 kg. (Hummus)	105 kg. (Hummus)

CUTTERS / HOMOGENIZERS / MIXERS

# L30IV

YAZICILAR®

KITPRO

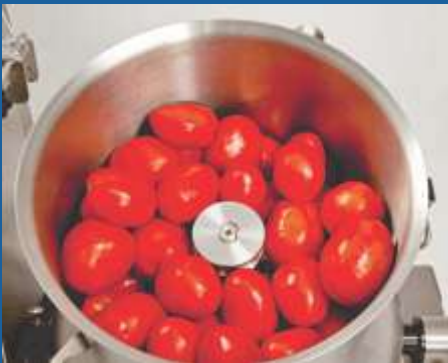

The internationally accepted standing cutters with 30 Liter capacity and inverter controlled variable speed.

- Cut, mix and homogenise
- Process every kind of organic material
- Variable speed setting allows flexibility

Hummus MASTER®  
\_inverter\_ made in Turkey

Model	Capacity Lt.	Max speed	Power 3ph	w x l x h cm.	Control	Net weight
L30IV	30	600-3000	5.5 kw / 380V	60 x 38 x 133	Variable speed	110 kg

CUTTERS / HOMOGENIZERS / MIXERS

**L45IV**

**L65IV**

45 and 65 Liter cutters are the powerful players of your production.

The heavy-duty machines are industrial yet easy to use and clean.

The model is part of the Hummusmaster family, meaning it is good for perfect hummus and of course much more!

**Hummus** MASTER<sup>®</sup>
